WiZ Connected OnCloud Smart Room Controller - Overstock

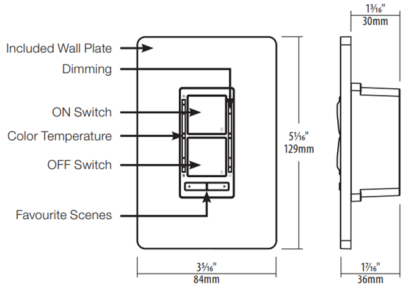

By Liteline

Description

The OnCloud Room Controller provides a maximum output of 600W for OnCloud and/or WiZ connected devices. Features an on/off button, color temperature and brightness control rockers, and previous/next scene buttons. Installs just like a regular in-wall switch. Includes snap in wall plate. Replaces single pole / 3-way switches. Neutral wire required. No hub required.The Room Controller is added as an accessory in the WiZ app and communicates directly to the WiZ enabled light fixture (works with iOS and Android) from anywhere. Voice control can also be achieved by integrating the app with most smart speakers. Works with Google Assistant, Siri, Alexa and IFTTT. NOTE: This is a discontinued model and limited to quantity on hand.
