Closet Bar

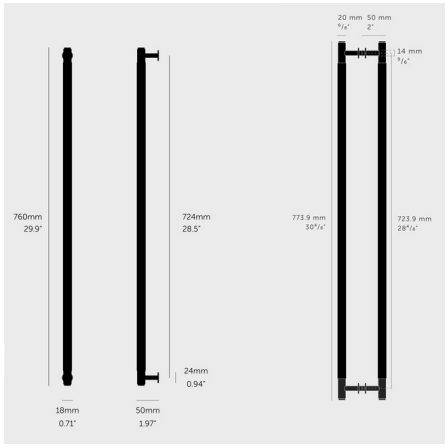

By Buster + Punch

Description

Buster + Punch's Closet Bar is refined by hand and features their signature diamond-cut, cross-knurl pattern. Offered as single-sided or double-sided. The double-sided option includes two pull bars with double-sided fixings and is intended for use with a door thickness of 0.39 inches - 1.38 inches. Black: Made from Aluminum and then anodized to give a deep Black finish.Brass: Made from precision-machined solid brass and finished with two layers of durable satin lacquer. This finish will age slowly, moving from radiant brass to deeper and golden within a few years.Smoked Bronze: This is a living finish, meaning the more it is used the more the base Brass will show through. It will age with you.Steel: Made from solid stainless steel and refined by hand. Steel is Buster + Punch's most durable finish and will remain the same for years to come.
