## Kubus Candleholder

By Audo Copenhagen

### Description

Originally designed in 1962 by Danish architect and designer Mogens Lassen, the Kubus Candleholder features a striking geometric silhouette in the Functionalist style. The 4 and 8 light candleholders continue the tradition of this classic Scandinavian design with the minimal, cube-shaped metal frame. With a variety of finish options available, Kubus is sure to find a place in a variety of interior settings. Note: Candles and base plates are not included. The Ivory, Olive, and Zinc finishes are only available in the 4-Light size. The Raw Steel finish is only available in 8-Light size.

Shown in black
