Coral Pendant

By David Trubridge

Description

The Coral Pendant is based on one of the geometric polyhedra that interested David Trubridge since he was a boy. The intricate form is made from just one single component repeated 60 times and lights your space with warm shadows. The Bamboo Plywood shade is available in a variety of color options. Ships flat-packed requiring complete assembly, semi-assembled requiring 5-10 minutes of final assembly per fixture prior to installation, or fully assembled and ready to hang. Largest size ships fully assembled only. Commercial projects/jobsites must order fully or semi-assembled.

Shown in bamboo exterior / aqua interior
