Carronade Table/Wall Lamp

By Le Klint

Description

When designing the Carronade Table/Wall Lamp, Swedish designer Markus Johansson drew inspiration from 17th century ship cannons with a modern Scandinavian twist. This versatile fixture features a playful and versatile design, featuring a cylindrical shade set into a wooden bracket. The shade can be pivoted to adjust the angle of the beam, and the bracket can also be fixed to the wall to serve as a plug-in wall sconce. On/off switch located on cord. Note: A low wattage LED bulb (10W max) is recommended for use with this fixture to prevent excessive heat.

Specifications

COLOR	Black
BODY FINISH	Walnut
