T.O Table Lamp

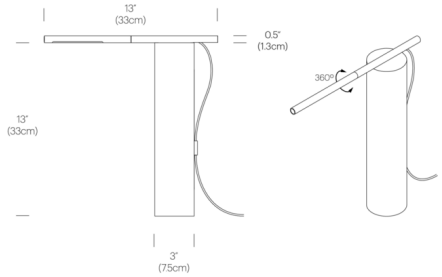

By Pablo

Description

The TO Table Lamp features a sleek aluminum arm positioned over a cylindrical marble pillar to create a fixture that is both sculptural and functional. The arm attaches to the base either horizontally or vertically via discreet magnetic connectors and rotates 360 degrees to allow light to be focused where it is needed most. A two stage switch with full range dimming control is located on the tip of the arm for convenient access.

Shown in black marble / brass
