Folie S/70.2 Pendant

By Bover

Description

Designed for larger spaces, the Folie S/70.2 Pendant creates a singular sensation as lighting above a dining table or as a grouping above a long kitchen island or bar. Showcased in cream or ivory with a black band, the tiered sculptural silhouette features a subtly tapered polyester ribbon shade and an interior extension that tapers inwards. Light is emitted through a polycarbonate diffuser. This 5-light pendant brings ambient downlighting to a home or commercial space.

Shown in black / white translucent ribbon
