Lapis Wall Sconce By Corbett Lighting

Description

The Lapis Wall Sconce features a smooth oval of Spanish alabaster that is hugged on each side by delicate, intricately detailed curves of vintage brass. The metalwork is purposefully left open in areas to add visual interest and allow light to flow freely from the shade and reflect off the vintage brass. Each piece of alabaster is unique, containing its own character with natural veining patterns. As a result, we cannot guarantee each piece will match.
