Climber 87 Outdoor Wall Sconce

By FLOS

Description

Introduce focused, architectural light to your outdoor spaces with the Flos Climber 87 Outdoor Wall Sconce. This compact yet powerful light box is designed to allow light to gracefully inch climb inch your exterior walls, creating a refined and modern visual impact. It features a sleek, simple geometric body constructed from durable low copper die-cast aluminum, ensuring longevity and resistance to the elements. The Climber 87 is finished with a robust powder coat for superior strength and excellent resistance to heat and UV radiation, maintaining its pristine appearance over time. Its optics are glass-protected to minimize glare and maximize visual comfort, providing a clear and pleasant illumination. An integral non-dimmable LED driver is included for straightforward functionality, and it comes complete with a junction box cover plate for a clean and seamless installation. This sconce is an ideal choice for adding a discreet yet impactful touch of contemporary or transitional lighting to any exterior wall.
