Smart & Green

DESCRIPTION

Strap It suspension and anchoring kit for nomad lighting. Kit includes an adjustable 39 inch strap equipped with two hooks, a counterweight bag, a flotation device and an 8 foot cord with two aluminum hooks. This accessory allows you to affix your lamp to a tree, pergola, or any sturdy support, or attach the anchor and throw it in the water. The float allows the hooking system to remain on the surface while recharging your lamp - just unhook the lamp from the cord. For use with Pearl, Dice, Stone, Point, or XS Tower. Light fixtures sold separately.
