Plinth Tall Marble Table

By Audo Copenhagen

Description

Plinth Tall Marble Table is as versatile as it is timeless. Serves the dual purpose of being a beautiful, sculptural piece on its own and highlighting whatever objects rest upon it. The honed marble carries an air of sophistication and elegance to elevate any space. The heaviness of the Plinth marble stands in contrast to the honed surface; light bounces off of the angles and falls across the tops, producing a spotlight-effect in any space. Though the lines of the podiums are sharp and clean, the naturalness of the marble is at the forefront of its visual identity, creating an intriguing contrast within each piece. Treated with a sealer for surface protection.
