## Squat Color Select Outdoor Ceiling Light

By Modern Forms

### Description

The Squat Color Select Outdoor Ceiling Light offers a sleek, tailored look for your outdoor or indoor space with its clean profile, integrating well into a range of design schemes. It casts a downlight through a glass diffuser, providing even illumination for patios, living rooms, or walkways. The fixture can be mounted on the ceiling or wall. The Squat comes pre-set to the color temperature ordered and can be adjusted to 3000K, 3500K, or 4000K using a switch inside the fixture. It uses a driverless AC LED system, dimmable with a TRIAC or ELV dimmer, sold separately.
