Orion Pendant

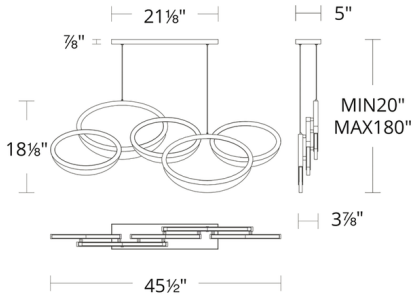

By Modern Forms

Description

The Orion Pendant features intersecting aluminum rings embellished with slivers of Spanish alabaster. Light shines through polycarbonate diffusers and illuminates the natural stone, highlighting its unique color variation and veining. The elaborate fixture is suspended on sleek electrified aircraft cables that eliminate the need for obtrusive power cords. Use it to introduce ambient lighting with dramatic flair into a living room or dining area. Dimmable with a TRIAC, ELV, or 0-10V dimmer.

Shown in aged brass / alabaster
