Tidal Pendant By Modern Forms

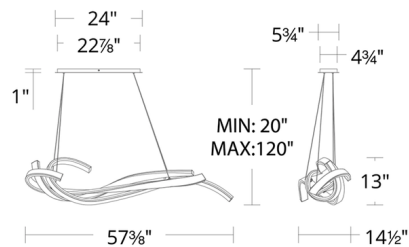

Description

The Tidal Pendant is a floating sculpture of generously proportioned wavy elements, overlapping elegantly to create an artistic flowing design. Each curve is free-formed by hand out of aluminum and fitted with LED lights and silica diffusers, emitting soft ambient light. The pendant is suspended on sleek electrified cables which eliminate the need for obtrusive power cables. Placed over a kitchen bar, contemporary dining space, or lounge area, the Tidal creates a chic modern environment. Variations in size and curvature may occur due to the handcrafted nature of the item. Dimmable with a TRIAC or ELV dimmer, sold separately.

Shown in black / white

Specifications
