Tandem Bathroom Vanity Light

By Modern Forms

Description

Composed of two offset clear acrylic bars and a contrasting dark metal frame, the sleek Tandem Bathroom Vanity Light works well in contemporary bathrooms and powder rooms. Streams of milky white running through the artisan-crafted acrylic lend a unique decorative touch. Polycarbonate diffusers soften the light, providing clean ambient light. The fixture can be mounted horizontally, vertically, or in any other orientation. Dimmable with a TRIAC or ELV dimmer, sold separately. Note: A conversion plate is included to accommodate a 4 inch junction box.

Specifications
