Crosby Chandelier

By Visual Comfort Modern

Description

Exuding the radiance of 1970s Italian flair, the Crosby Chandelier is a striking piece featuring glass globes set on brass arms complemented by glossy black rods. For customizing the look, the top ends of the black rods can be styled with or without the included brass tips. This chandelier is a chic option for entryways and dining areas, or it could hang as a series down a large hallway. 120V: TRIAC and ELV dimmable. 277V: 0-10V dimmable. The natural brass is a living finish that will patina and warm with age, enhancing its richness. If the patina becomes uneven or spotty, a brass cleaner can restore the finish. Note: The 37.7 inch fixture requires a junction box rated for fixtures weighing over 50 pounds.

Specifications
