Ebell Wall Sconce

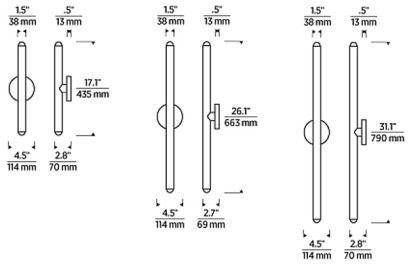

By Visual Comfort Modern

Description

The Ebell Wall Sconce features a sleek, minimal metal cylinder capped with small crystal domes that shine light upwards and downards to provide ambient illumination. The crystal combines a clear exterior with a laser-etched frosted interior to diffuse the light. The slim Ebell complements contemporary settings including entryways, hallways and dining areas. It includes a universal driver, dimmable with a TRIAC, ELV, or 0-10V dimmer. The Natural Brass finish will patina and warm over time, enhancing its richness. If it becomes uneven or spotty, a brass cleaner can restore the finish.

Shown in natural brass / clear
