Kulma Outdoor Pendant

By Visual Comfort Modern

Description

The Kulma Outdoor Pendant embodies the essence of the ubiquitous lantern, pared down to crystal and metal in a single plane. Light traveling down from the metal frame is captured at the glass edges, creating an intriguing display of illumination. The minimal yet high-impact architectural design enhances any chic, contemporary indoor or outdoor space. It includes a universal driver, dimmable with a TRIAC, ELV, or 0-10V dimmer. The Natural Brass option features a living finish that will patina and warm with age, enhancing its richness. If the patina becomes uneven or spotty, a brass cleaner can restore the finish.
