Langston Chandelier

By Visual Comfort Modern

Description

The Langston Chandelier is an elegant assembly of hand-formed fluted crystal elements set on a minimal steel frame, the perfect centerpiece for a dining room, large entry, or living room. Laser etched tubes inside the crystal create layered internal illumination and diffuse the light into your space. The crystal pieces of varying heights can be placed anywhere to create a unique arrangement. A universal driver is included, dimmable with a TRIAC, ELV, or 0-10V dimmer. Note: The 46.6 inch fixture requires a junction box rated for fixtures weighing over 50 pounds.
