Phobos 1 Light Wall Sconce

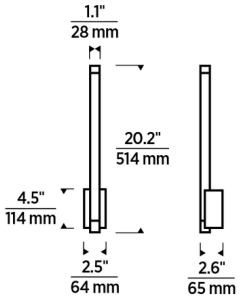

By Visual Comfort Modern

Description

Pared down to a simple, sleek tube of light, the Phobos 1 Light Wall Sconce is an intriguing modern piece for your space. The borosilicate glass tube containing a laser-etched light guide channel diffuses the light for ambient illumination and makes a stylish statement. 120V: TRIAC and ELV dimmable. 277V: 0-10V dimmable. The Natural Brass finish will patina over time and develop warm character. If the patina becomes uneven or spotty, a brass cleaner can restore the finish. Note: Requires a 2 x 4 inch junction box.

Shown in natural brass / clear
