Phobos Linear Pendant By Visual Comfort Modern

Description

Featuring an ultra-sleek tube of light supported by a minimal frame, the Phobos Linear Pendant is a striking contemporary piece. Laser-etched light guide channels enclosed in borosilicate glass diffuse the light to provide ambient illumination while making a stylish statement. Hang the Phobos over a kitchen island, dining table, or living room area to elevate your modern space. A universal driver is included, dimmable with a TRIAC, ELV, or 0-10V dimmer. The Natural Brass is a living finish that will patina over time, developing warm character. If the patina becomes uneven or spotty, a brass cleaner can restore the finish.
