Phobos Wide Ceiling Light

By Visual Comfort Modern

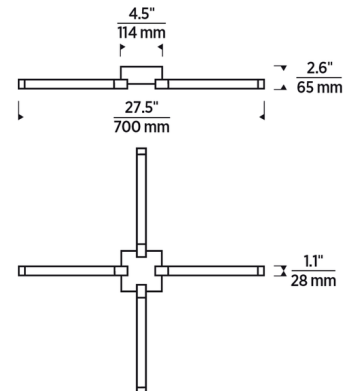

Description

Displaying the purity of tubular light in a geometric arrangement, the Phobos Wide Ceiling Light is a striking contemporary piece for your space. Laser-etched light guide channels encased in borosilicate glass diffuse the light to provide ambient illumination while making a stylish statement. 120V: TRIAC and ELV dimmable. 277V: 0-10V dimmable. The Natural Brass finish will patina over time, developing warm character. If the patina becomes uneven or spotty, a brass cleaner can restore the finish.

Shown in natural brass / clear
