## Wythe Wall Sconce

By Visual Comfort Modern

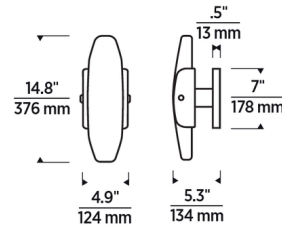

### Description

Combining industrial elements with a raw expression of glass, the Wythe Wall Sconce features a brass-plated aluminum frame holding a rounded slab of cast glass. As light shines through the glass, bubbles and imperfections from the casting process are highlighted for a natural aesthetic. This distinctive piece is an artistic touch for hallways, living rooms, or bedrooms. 120V: TRIAC and ELV dimmable. 277V: 0-10V dimmable.

Shown in plated brass / clear
