Pavilion Linear Pendant By WAC Lighting

Description

The Pavilion Pendant features a strip of contoured black metal fit over a long acrylic LED bar. Contrasting Aged Brass accents on both ends complement the unique assembly. The slim fixture seems to float as it hangs from unobtrusive powered aircraft cables. It delivers an ambient downlight ideal for illuminating conference rooms, reception desks, kitchen counters, or other commercial or residential spaces. Equipped with a universal driver, it can be dimmed with a TRIAC, ELV, or 0-10V dimmer, sold separately.
