Sinclair Linear Pendant

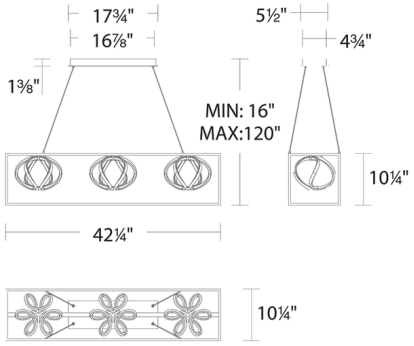

By WAC Lighting

Description

The Sinclair Pendant features three LED bands, each one elegantly coiled into a ball, displayed inside a contrasting open rectangular frame. The LED elements are made of aluminum finished in gold leaf and silicone diffusers, and they cast an omni-directional ambient glow. The Sinclair seems to float effortlessly in the air as it hangs from slim electrified aircraft cables. This unique geometric design brings contemporary flair to your kitchen counter, bar, or long dining table. Dimmable with a TRIAC or ELV dimmer, sold separately.

Shown in black / gold leaf / white
