Collette Wall Sconce

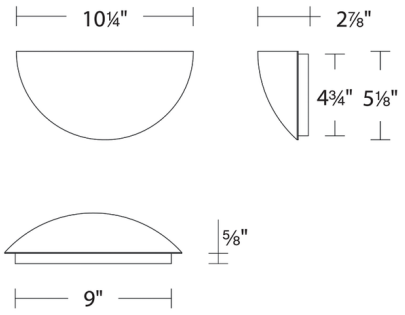

By WAC Lighting

Description

With its simple, classic half-dome shape and range of contemporary finishes, the Collette Color Select Wall Sconce integrates well into many design schemes. The integrated LED emits light through a frosted glass diffuser, providing ambient lighting for hallways, dining areas, bedrooms, and other spaces. The sconce can be installed vertically, horizontally, or in any other orientation. This fixture uses AC LED driverless technology and is dimmable with a TRIAC or ELV dimmer, sold separately. Note: Fixture will be preset at selected color temperature but can be toggled between 2700K, 3000K, or 3500K prior to installation via a CCT-select switch in the canopy.

Shown in aged brass / frosted

Specifications
