DESCRIPTION

The Kepler Wall Sconce is a compact, modern reading light perfect for placement by the bed or in a reading nook. Its sleek form is crafted out of aluminum, and light is emitted through a clear glass diffuser. The arm rotates 330 degrees and the shade has 90 degree vertical tilt for light direction adjustment. Other convenient features include an on/off switch and USB charging port for your phone and other devices, both located on the backplate for easy access. Dimmable with a TRIAC or ELV dimmer, sold separately.
