Bul-Bo Floor Lamp

By Axolight

Description

The Bul-Bo Floor Lamp was initially designed by the Italian architectural firm Gabetti and Isola in the late 1960s, and Axolight has reintroduced this iconic lamp for the modern age. The lamp features a curved stem rising from a weighted leather bag base. The metal plate around the head of the lamp is retained from the original design, but now houses an adjustable lamp head with an integrated, dimmable LED module. NOTE Driver and dimmer control is required and sold separately.

Specifications
