Kelim Squares Area Rug

By Ferm Living

Description

The Kelim Squares Area Rug is handmade and features geometric shapes and color blocking. The weaving is done on a Punja loom, using a traditional and manual loom technique that is one of the oldest in the world. The wool-cotton yarn is hand-dyed, and some shade variation may occur due to the nature of the wool and dye. The Kelim weave yarns have a unique, coarse feel that bring an added element of tactility to the rug, which is characteristic to traditional kelim rugs.
