Coordinates Floor Lamp

By FLOS

Description

Featuring two vertical LED bars standing on a simple round base, the Coordinates Floor Lamp is minimal yet makes a strong statement in your contemporary space. Each element is made of extruded anodized aluminum and is fitted with an integrated LED strip and platinum optical silicone diffuser. The bars can be rotated in different directions during assembly to customize light direction. Pressing the push button on the cord switches the light to 100% or 50% brightness or off, and long-pressing dims the light to any desired level from 100% to 10%.
