

DESIGNER Michael Anastassiades
BRAND FLOS

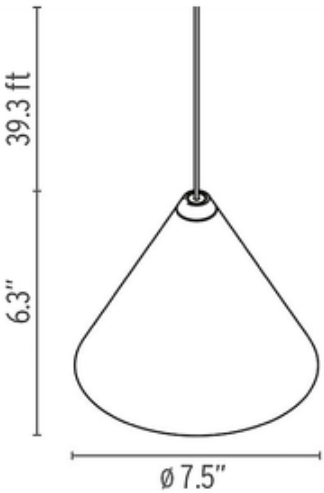

DESCRIPTION

A unique play of lines and light, the String Light Cone Pendant is composed of a simple cone suspended on a long Kevlar reinforced coaxial cable. The cable is secured by a canopy or base (sold separately), and additional anchor points on the wall or ceiling offer endless possibilities for creating visually impactful geometric configurations. Use a single light head or combine multiple to create your unique arrangement. The cone is made of die-cast aluminum with a polycarbonate diffuser and provides ambient illumination for your space. The light comes with 39 or 72 ft of cable. Optional cables to add length are sold separately. Five hooks to use as anchor points are included. Two dimming options are available: Casambi App: Dim or turn on/off using the Flos Control app powered by Casambi on your phone or other smart device. Or, press the cable near the light head. Soft Touch: Dim or turn on/off by pressing the cable on top of the light head. Notes: A base or canopy is required, sold separately. The light can only be dimmed at the light head or through the Casambi app; it cannot be dimmed using a separate dimmer.

Shown in: Black

SHADE COLOR	N/A
BODY FINISH	Black
WATTAGE	21W
DIMMER	Included
DIMENSIONS	7.5"W x 6.3"H
INTEGRATED LED MODULE	
LAMP	1 x LED/120V LED
Technical Information
