

BRAND Lutron

DESCRIPTION

This Sunnata Accessory Switch is designed for use with the Lutron Sunnata LED+ Touch Dimmer STCL-153M. Use it to conveniently control your lights from multiple locations. Rocker switch turns lights on and off. Lights can be turned on to preset level or full brightness. Lights gradually fade on and off for comfortable eye adjustment. For 3-way or 4-way applications. Up to 9 switches can be linked with one dimmer for a total of up to 10 control locations.No neutral wire required. Rated for 6 amps. Matches the dimmer for a consistent, stylish look. Does not work without dimmer STCL-153M. Note: Wall plate sold separately.
