OJ Numbers Wall Clock By Nomon

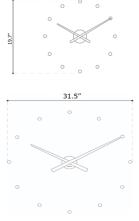

Description

The OJ Numbers Wall Clock stands out in the overall design. Choose from 4 or 12 numbers. Time reading will not present a problem even if you place the clock in the far corner of a room . The design can be considered traditional since it shows the pattern of a usual clock, but the truth is that it is minimalist as well as avant-garde because it seems that the clock floats on the wall. Requires 1 AA battery.

Shown in black

Specifications
