Linea Estadio Linear Suspension

By Santa & Cole

Description

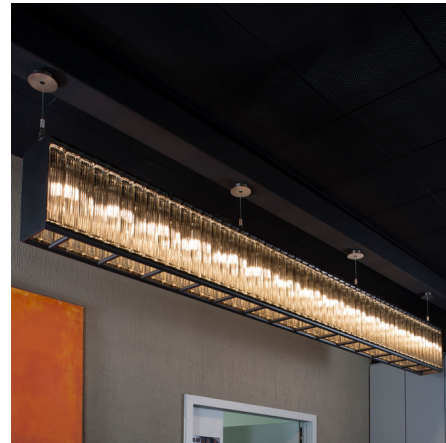

Spanish designer Miguel Mila originally conceived the Estadio series of lights for the 1992 Olympic Games in Barcelona. The Linear Estadio Linear Suspension is the linear member of the Estadio family, featuring an arrangement of elegant sparkling glass blocks held within a tubular metal structure. The fixture disperses light through vertical rays and shadows created by the textured glass. Note: Due to the weight of this fixture, additional ceiling support is required. The fixture must be mounted or supported independently of a junction box. Note: The 180.3 inch length requires two electrical connections.

Specifications

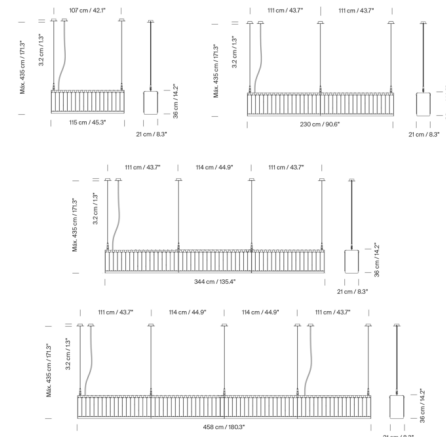

COLOR Clear
 BODY FINISH Black
 WATTAGE 1500W
 DIMMER Standard 120V
 DIMENSIONS 180.3"L x 8.3"W x 14.2"H
 BULB NOT INCLUDED 20 x A19/Medium (E26)/75W/120V Incandescent
 OTHER BULB OPTIONS 20 x A19/Medium (E26)/12W/120V LED
