Nastro Linear Pendant

By Tooy

Description

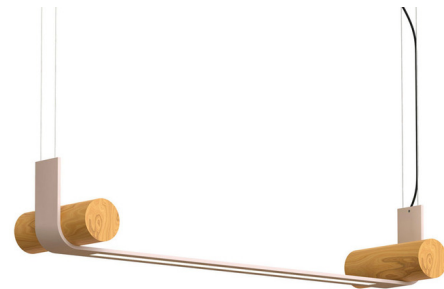

The Nastro Linear Pendant features a curved aluminum band accompanied by a pair of cylindrical weights to counterbalance the pendant's sleek form. An integrated LED strip provides a dimmable light source, available on the underside of the pendant for direct downlighting or the top of the pendant for indirect uplighting. Dimmable with a TRIAC dimmer. The driver is located within the metal cylinder, except on pendants with the Ash finish, where it is located within the canopy. Note: The Color choice is for the structure and the Finish choice is for the cylindrical weight.
