## Nastro Angled Wall Sconce

By Tooy

CE

### Description

The Nastro Angled Wall Sconce features an aluminum band bent around a cylinder to create a modern, geometric fixture. The integrated LED strip allows the sconce to maintain its simple, minimalist structure. Installable horizontally or vertically. Phase cut dimming. Backplate for standard US junction box is included. Note: Includes a remote driver which must be placed in an accessible remote location (remote driver dimensions: 6.3L x 1.8W x .8H). The Color choice is for the structure and the Finish choice is for the cylindrical weight.

Shown in ash cylinder / sand black
