Nastro Vertical Wall Sconce

By Tooy

Description

The Nastro Vertical Wall Sconce features an aluminum band curved around a cylinder to create a modern, geometric fixture. The integrated LED strip allows the sconce to maintain its simple, minimalist structure. Installable upside down. The Color choice is for the structure and the Finish choice is for the cylindrical weight. Dimmable with TRIAC dimmer. Note: Includes a remote driver which must be placed in an accessible location (remote driver dimensions: 6.3 inch width x 1.77 inch depth x .79 height). Backplate for standard US junction box is included.

Shown in terracotta cylinder / eggshell
