Same Same Oak Dining Table

By Victor Foxtrot

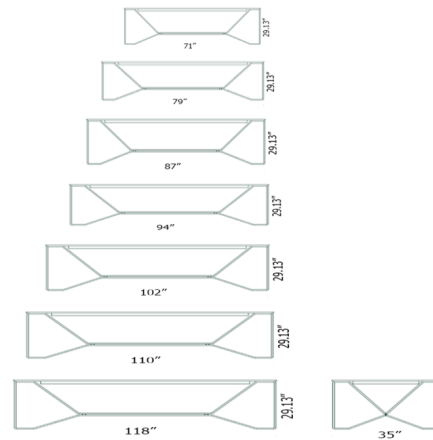

Description

The Same Same Oak Dining Table is solid as a rock. The filigree table frame is made of powder-coated steel that is bent by hand. It consists of two identical parts that mirror each other and are screwed at two points. The oak table top is screwed onto the frame and reinforced by a steel frame. The special thing about the construction is that it looks so light and is still stable.

Shown in oak / vermillion
