DESCRIPTION

The Tunable White Snap & Light Stomp Strip is highly durable and designed to withstand harsh elements of a job site and is designed for use with PureEdge BIY (Build-It-Yourself) and DIY (Do-It-Yourself) fixtures and systems. Tunable White 2000K-6500K (2K6K) allows for independent control and adjustment of color temperature and intensity from 2000K (Sunset) through 6500K (Day Light White). Tunable white lighting visually, biologically and emotionally contributes to human interaction with the physical world. Human centric lighting (HCL) that builds on this technology brings the dynamics of natural daylight indoors and delivers a positive effect on human health, well-being and performance. Stomp Strip is sold in one foot increments in the following options: 2 Watt (2.5 watts per foot) up to 40 feet 5 Watt (4.4 watts per foot) up to 20 feet 7 Watt (7.3 watts per foot) up to 12 feet 10 Watt (9.6 watts per foot) up to 10 feet Stomp Strip is compatible with solderless Snap & Light Connectors for making turns and X, Y, L configurations. Required BIY System, DMX color changing power supply or two channel 2XK 0-10 power supply, Snap & Light power connector, optional mounting accessories and Snap & Light connectors sold separately. Two channel 0-10 power supply requires two dimmers -- one for intensity and one for color temperature. DMX power supply must be used with PureEdge controller (CDMX1-2XK). Note: Product is built to order.
