Tortuga Outdoor Wall Sconce

By Access

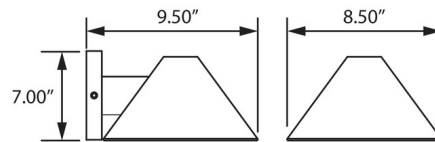

Description

Considering it takes its name from the Spanish word for turtle, it makes sense that the Access Lighting Tortuga Outdoor LED Wall Sconce is designed to be friendly to any turtles who might be nesting nearby. It is made of steel, with a conical shade that projects useful, energy efficient LED light directly downward onto a walkway. Suitable for commercial or residential use. Note: Dark Sky Ordinance was developed as outdoor lighting standards that reduce glare, light trespass, and sky glow.

Shown in bronze / frosted
