Seychelles Wall Sconce

By Currey and Company

Description

The Seychelles Wall Sconce was inspired by an island-hopping vibe. The circular profile of the white sconce is made of wrought iron in a sugar white finish that is fitted with a wood panel in a sandstone finish. From this extends hand-cut sprays of raffia. The openings into which the natural material is inserted emits a warm glow when light wafts through them. This sconce is flexible, as it can be mounted with the raffia pointing in any direction.

Shown in white / sandstone

Specifications
