DESCRIPTION

The Kelmscott Table Lamp features heavy-hitting texture and is made of a heavily pitted ceramic in Green in a reactive glaze or ceramic with swirling and dripping patterns in Blue in a reactive glaze (the drifts of color will be slightly different from lamp to lamp). The bottom of the lamp has been left natural to create an implied base. This artisanal piece was made by women artisans living at the border of Burma and Thailand. A Nickel finial fastens the white linen shade to the fixture. 3-way switch on socket.
