## Merle Chair

By Currey and Company

### Description

The Merle Chair features a frame made of beechwood in a weathered walnut finish. The bamboo-inspired chair has loose box cushions covered in a Finn Safari upholstery fabric that can be flipped, and design details of note are the fully upholstered seat deck and latch clips on the top that hold the back cushion in place. By wrapping the arms and back in upholstery, the chair is very comfortable for the human form.

Shown in walnut / finn safari
