

BRAND Currey and Company

DESCRIPTION

The Abberton Chandelier, with its polished nickel finish, will effervesce when the lights are switched on as the glow reflects on and through the glass globes that graduate from large at the fixture's central cog to small near the apex of each stem. Design details of note are the rod stem from which it hangs, the bulbs that echo the roundness of the glass globes, and the circular accent on the ends of the stems that mimic the shape of the smallest ones.
