Lola Ceiling Light

By Currey and Company

Description

The Lola Ceiling Light is a masterful classic design conceived by Bunny Williams for her lighting collection. The demi-dome has a frame made of square tubing to give the piece a sophisticated cleanness in a mix of contemporary gold leaf and painted contemporary gold finishes. The smoothness of the milk glass diffuser is equally clean. A design detail of note on the gold flush mount, which is lit by integrated LED, is the dual geometric punches in circular and pinched oval shapes circling the glass.

Shown in gold leaf / milk

Specifications
