Il Pezzo 8 Wood Dining Table

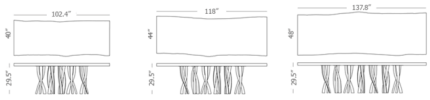

By Il Pezzo Mancante

Description

The Il Pezzo 8 Dining Table features a sparkling forest of legs that support a majestic block of wood with strong, lively outlines. The tabletop, with its organic shape, is made of thick, solid walnut. The top is sanded then treated with natural oil and left as nature made it so to appreciate the beauty and flow of the wood. The legs are sand casting, and the shape and shine contrast with the metal's strength and its special crafting process in which we find all the smelter's skill melted into his work. A small brass cylinder containing the serial number is inserted in every piece to seal the authenticity and uniqueness.
