Il Pezzo 8 Dining Table By Il Pezzo Mancante

Description

The II Pezzo 8 Dining Table features a sparkling forest of legs that support a majestic block of wood with lively outlines. The tabletop is made of thick solid ash boards, black stained that allows the wood to breathe, leaving the extraordinary feel of this beautiful material unchanged to the touch. Furthermore the final coat on the top is done with Nanotechnology, an organic silicabased natural treatment which makes the wood water repellent. Encased in the top, elegant metal inlays give a touch of light. The legs are made of solid aluminum casting, finished in black and gold as well. A small brass cylinder containing the serial number is inserted in every piece to seal the authenticity and uniqueness.

Shown in black / gold / black
