Description

The Twist Coffee Table, designed by Alexandre Dubreuil, is a coffee table made of a high performance concrete platform raised by a black lacquered metal base. The perforated metal plate rotates 360 degrees to suit all your needs: drink with friends, TV diner, tablet or computer stand... It will soon become indispensable to you. NOTE: Any pores, micro-cracks, and variations in color are due to the inherent and charming nature of the materials used. Do NOT use abrasive materials or solvents on the surface.
