Raelynn Picture Light

By Mitzi

Description

The Raelynn Picture Light is a fresh and fun take on a traditional picture light. A telescoping arm and a rotating reflector provide amazing adjustability to cast just-right light on artwork or photographs. Mechanical hardware details like the metal rings around the bulbs and the knurled hardware elevate the design. Note: This fixture does not mount to a standard junction box - a 2x4 inch junction box is required.
