Leif Plug-In Wall Sconce

By Troy Lighting

Description

The Leif Wall Sconce is influenced by Bauhaus and later mid-century aesthetics, and captures both form and function. The circular shade projects ample light on the wall behind it and gives this plug-in wall sconce a graphic element that makes it feel like artwork. The muted tones of the patina brass and soft blue or soft sand give the piece an earthy vibe. The bottom arm of the two-light sconce rotates for added versatility. On/off switch on cord.
